From: Eric Earls, Public Works Director *EE*

Date: February 7, 2022

Subj: Bid2022-286 City of Warwick (District 6) Gasoline, Low Sulfur Diesel, Ultra Low Sulfur Diesel Fuel

We have reviewed the three bids submitted for the above and recommend award Roberts Energy for the purchase of diesel, winter diesel and unleaded fuel for the Public Works Department. This vendor offered the lowest increment over the daily posted price, making them the lowest bidder for the respective products. This request is only for the Department of Public Works.

The current bid expires on April 9, 2022. The new contract period will be April 10, 2022 to April 9, 2023. The recommended cap is \$850,000.00 for a one-year period.

City of Warwick

The bid for *City of Warwick (District 6) Gasoline, Low Sulfur Diesel & Ultra Low Sulfur Diesel Fuel, Bid#2022-286* has been carefully reviewed by the Fire Department.

Three (3) vendors submitted bids, with Two (2) of the vendors submitting bids for Ultra Low Sulfur Diesel for the Fire Department. After evaluating pricing, the following vendor has met all the specifications outlined in our request and have proposed the lowest price. Therefore, I recommend the bid be awarded to the following vendor for Items #3 & #4 Fire Department Only.

Santa Buckley Energy, Bridgeport, CT

On item #3 & #4, Santa Buckley Energy submitted a bid price of \$0.0850 & \$0.1050 increment over the daily unbranded low rack price, based on the Oil Price Daily provided by Oil Price Information Service (OPIS) Port of Providence. Funding for this service will be from budget code 35-221 Diesel Fuel.

The current bid expires on 4/9/2022 and, if approved, the new bid will have an effective date of 4/10/2022 through 4/9/2023, for an amount not to exceed \$200,000. Of these budgeted funds, \$50,000 will come from FY22 and \$150,000 will come from FY23 based on previous years usage.

Please contact me should you have any questions.

Re: Bid 2022-286 Gasoline and Low Sulfur Diesel Fuel

Dear Mrs. Peshka,

The department has reviewed the three (3) bids received for Bid2022-286, Gasoline.

Per the recommended octane requirements for our police vehicle fleet as established by the Ford Motor Vehicle Company, the police department's bids are for unleaded-plus gasoline only.

The vendors who submitted qualified bid responses for the police department included:

Robert's Energy LLC, 237 Albany Street, Springfield, MA 01105
Sprague Operating Resources LLC, 185 International Drive, Portsmouth, NH 03801
Santa Buckley Energy Inc. 154 Admiral Street, Bridgeport, CT 06604

Based on the bids submitted, the Department recommends awarding the bid to the lowest qualified bidder which is Roberts Energy, LLC of Springfield, MA who bid at plus .0235 cents per gallon calculated from the lowest daily terminal unbranded gasoline low rack price with nonexempt taxes included prior to their added markup.

The current contract in place expires on April 9, 2022.

Funding for purchases under this bid would be allocated from the department's current operating budget, code #30-220 "Gasoline."

The department requests authorization to expend funds not to exceed \$340,000.00 during the term of contract, which is for one (1) year from April 10, 2022 thru April 9, 2023.

Respectfully,

A handwritten signature in black ink, appearing to read 'Michael Lima'.

From: Philip F. Carlucci -- MIS Director *PFC*
Date: Thursday, February 3, 2022
Re: 6-12 Network Connectivity

This is a request under City Ordinance 6-12 to extend the award date on Bid 2019-208 from May 31, 2022 to June 30, 2022; and also to add \$142,400.00 to the Bid, bringing the 3-year Bid total to \$1,035,134.48.

Originally, in October 2021 MIS requested to extend the existing agreements with Cox and Crown Castle for another six months. It was believed that the money remaining in the Bid would be sufficient to cover expenses for the duration of the extension. However, because of human error and billing issues that arose after the data center move in June 2021, it has become necessary to add funding to the existing Bid in order to cover the City's monthly network costs through the 2022 fiscal year.

MIS continues its work on writing Bid specifications for data services, and hopes to have them ready for publication soon.

The budget code to cover this expense will be 25-307.

Re: 6-12 Network Connectivity

This is a request under City Ordinance 6-12 to extend the award date on Bid 2019-208, for Network Connectivity, by six months, changing the end date from November 30, 2021 to May 31, 2022.

MIS requests this extension to allow for additional time to create bid specifications and, once those specifications are complete, solicit bids from qualified vendors to provide managed network and transport services for the City.

As of this writing, Bid 2019-208 currently has \$123,715.20 available. This remaining balance should be sufficient to cover a six month extension on the Bid with no additional funding required at this time.

The budget code to cover this expense will be 25-307.

Re: Request for Spending Authorization – Flock License Plate Reading Cameras
C. O. 56-6, “Exception to Bid” Sole Source Vendor
Funding Source: Federal Asset Forfeiture 364-0400

Dear Mrs. Peshka:

The department is seeking authorization under the provisions of City Ordinance 56-6, “Exception to Bid,” to expend funds to purchase 10 Flock Safety Automatic License Plate Readers (ALPRs). The exception to bid requirement is requested because Flock Safety cameras are currently the only system of its kind being used in Rhode Island. Currently, there are approximately 60 other Flock System cameras in place in various other cities including Cranston, Woonsocket and Pawtucket with more Rhode Island police agencies acquiring the cameras in 2022. Additionally, the Flock Safety ALPRs are live in 1200 cities in 40 states and over 700 police departments and allows for national and local sharing of information.

The Flock Safety ALPR is not your traditional live feed camera, rather it is a device that records and stores data. The technology captures still photographs of license plates and vehicle characteristics as they travel on public roads. The cameras do not independently record people or faces but can be used to solve and reduce violent and property crimes. The cameras will never be used for traffic enforcement, as they cannot track speed or identify unregistered or uninsured vehicles. They capture objective evidence in plain sight, such as license plates, and can never be used for facial recognition.

While the Flock Safety ALPRs do not result in any unwarranted invasion of one’s privacy, they capture much more than just license plates. They allow investigators to search footage by vehicle type, make, color, and other unique attributes; identify the state of a license plate; and capture temporary plates, paper plates, and vehicles without plates. They are able to cover two (2) lanes of traffic and vehicles traveling up to 100 mph. Investigators are also able to input vehicle data into the system and receive a “HIT” and alert within seconds of a camera detecting that vehicle. The cities of Cranston and Pawtucket have shared their data and success stories with us. In the short time that they have used Flock Safety they have seen arrests increase significantly and have had a record number of recovered stolen property. Just as important, it has been used to locate missing and endangered people.

This system focuses on privacy and security and is built on a foundation of public trust and transparency. All data is encrypted and stored on an AWS GovCloud for maximum security compliance. Data is permanently and automatically deleted after a 30 day period and all footage is never shared or sold to 3rd parties. Use of the system by license holders will be strictly governed by department policy and the system allows for audits to ensure proper use. Furthermore, the system

comes with a transparency portal which is intended to promote the ethical use of the technology. This portal is a public facing dashboard which can be shared via the department's social media or website which allows us to share policies, usage and public safety outcomes related to the ALPRs.

This system can also be purchased privately by local businesses which provides a huge benefit to law enforcement. Through the sharing of data and the access to privately owned cameras throughout the city we have the potential to double our coverage. Flock Safety, along with members of our police department have already begun to reach out to local businesses to gain interest and support for this program. Having businesses, particularly within our retail and commercial zones fund their own cameras would allow for the city purchased cameras to be placed strategically throughout the city and cover more territory.

Pricing for each unit is \$2,500 per camera, per year plus a \$250 one-time implementation fee. Included in this fee is the camera hardware: ALPR unit, solar or DC power, mounting equipment and maintenance warranty. Also included is the hosting and analytics: cloud hosting, unlimited user licenses, hot list integration & alerts and ongoing software enhancements. The company offers a 45 day PPI or *Project Prove It* trial. If after the 45 days after installation we are not satisfied, Flock will remove the cameras at no cost.

Flock Safety requires a two year contract which would result in costs of \$52,500 for ten (10) cameras; \$27,500 being paid in year one and \$25,000 being paid in year two. If approved, funding for these expenses would be allocated from Federal Asset Forfeiture fund 364-0400. The two (2) year contract period would commence upon installation of the cameras.

Sincerely,

Colonel Bradford E. Connor

Chief of Police

Warwick Police Department

(401) 468-4224

Bradford.connor@warwickri.com

flock safety™
Let's defeat crime together.™

Your partner in fighting crime

Protecting your jurisdiction is of the utmost importance.

Thank you for considering Flock Safety's technology system as part of your comprehensive strategy to promote the safety of your city, citizens, and officers.

We are more than just a camera company - we are a crime-fighting technology company with a mission to eliminate crime in the United States.

What makes Flock Safety's technology different

Public & private partnerships

Thousands of communities use privately-funded Flock Safety cameras throughout the country, which provides a huge benefit to local law enforcement as they can have access to those cameras without having to pay for them.

Infrastructure free

Use cameras that are solar powered and include LTE internet connectivity (unlimited use included in cost), so they can be rapidly deployed virtually anywhere.

Vehicle fingerprint™ technology

Capture far more than just license plates. Allow your investigators to search footage by vehicle type, make, color, and other unique attributes; identify the state of a license plate; capture temporary plates, paper plates, and vehicles without plates. Our cameras also capture two (2) lanes of traffic traveling up to 100 MPH.

Simple & affordable

Our cameras cost \$2,500 per camera per year which includes hardware, software, solar power, LTE connectivity, unlimited users, and unlimited data storage.

Integrated Audio Detection

Uncover more than shell casings; get from "shots fired" to a suspect vehicle in real-time with the Raven™ audio detection device, an accessory for your ALPR that identifies crimes in progress before 911 is called.

flock safety

Sole Source Letter for Flock Safety ALPR Cameras and Solution

Flock Safety is the sole manufacturer and developer of the Flock Safety ALPR Camera. Flock Safety is also the sole provider of the comprehensive monitoring, processing, and machine vision services which integrate with the Flock Safety ALPR Camera.

The Flock Safety ALPR camera and devices are the only Law Enforcement Grade ALPR System to offer the following combination of proprietary features:

1. Patented Vehicle Fingerprint Technology:

- Patented proprietary machine vision to analyze vehicle license plate, state recognition, vehicle color, vehicle type, vehicle make and objects (roof rack, bumper stickers, etc.) based on image analytics (not car registration data)
- Machine vision to capture and identify characteristics of vehicles with a paper license plate and vehicles with the absence of a license plate
- Ability to 'Save Search' based on description of vehicles using our patented Vehicle Fingerprint Technology without the need for a license plate, and set up alerts based on vehicle description
- Only LPR provider with "Visual Search" which can transform digital images from any source into an investigative lead by finding matching vehicles based on the vehicle attributes in the uploaded photo

2. Integrated Cloud-Software & Hardware Platform:

- Ability to capture two (2+) lanes of traffic simultaneously with a single camera from a vertical mass
- Best in class ability to capture and process up to 30,000 vehicles per day with a single camera powered exclusively by solar power
- Wireless deployment of solar powered license plate reading cameras with integrated cellular communication weighing less than 5lbs and able to be powered solely by a solar panel of 60W or less
- Web based footage retrieval tool with filtering capabilities such as vehicle color, vehicle type, vehicle manufacturer, partial or full license plate, state of license plate, and object detection
- Utilizes motion capture to start and stop recording without the need for a reflective plate
- Motion detection allows for unique cases such as bicycle capture, ATV, motorcycle, etc.
- On device machine processing to limit LTE bandwidth consumption
- Cloud storage of footage

flock safety

- Covert industrial design for minimizing visual pollution
3. Transparency & Ethical Product Design:
- One-of-a-kind "Transparency Portal" public-facing dashboard that details the policies in place by the purchaser, as well as automatically updated metrics from the Flock system
 - Built-in integration with NCMEC to receive AMBER Alerts to find missing children
 - Privacy controls to enable certain vehicles to "opt-out" of being captured
4. Integrated Audio & Gunshot Detection:
- Natively integrated audio detection capabilities utilizing machine learning to recognize audio signatures typical of crimes in progress (e.g., gunshots)
5. Partnerships:
- Flock Safety is the only LPR provider to officially partner with AXON to be natively and directly integrated into Evidence.com
 - Flock Safety is the only LPR provider to be fully integrated into a dynamic network of Axon's Fleet 3 mobile ALPR cameras for patrol cars and Flock Safety's Falcon cameras
 - Access to additional cameras purchased by our HOA and private business partners, means an ever-increasing amount of cameras and data at no additional cost
6. Warranty & Service:
- Lifetime maintenance and support included in subscription price
 - Flock Safety is the only fully integrated ALPR one-stop solution from production of the camera to delivery and installation
 - Performance monitoring software to predict potential failures, obstructions, tilts, and other critical or minor issues

Thank you,

Garrett Langley CEO, Flock Safety

What makes Flock Safety's technology different

Police departments need a scalable solution to increase clearance rates and deter crime. Flock Safety's cameras see like a detective to make actionable evidence available when needed that is easily searchable by vehicle type, make, model, unique features, color, timeframe, or plate details. We deliver this detail through Machine Learning technology that scans each image for distinguishing features instead of traditional metal plates. This means we can also detect vehicles with no plates, temporary plates, dirty/covered plates, and even get accurate state detection.

Our solution captures 30% more plates than our leading competitor, according to a side-by-side study done by LASD in 2019, largely due to using AI and Machine Learning to analyze the entire vehicle profile instead of legacy Infrared based technology.

In April 2019, Marietta Police Department released a study that shows they experienced a 34% reduction in calls for service by targeting crime hot spots throughout the city with Flock Safety cameras.

In October 2019, Cobb County Police Department released a study based on their installation of 13 Flock Safety cameras in March. Over the six-month period, Cobb police reported a 60% reduction in overall crime by focusing on the beat with the highest crime levels.

Company Overview

Flock Safety's mission is to eliminate crime. This is possible with city-wide coverage of automatic license plate readers (ALPRs) for public safety organizations and private citizens. When a crime occurs, Flock Safety cameras deliver the actionable evidence you need to make an arrest. Flock Safety camera systems live in over 1200 cities in 40 states and over 700 police departments. With an average of 120 Hot List notifications sent an hour with jurisdictions throughout the U.S., our team is helping agencies solve and prevent crime every minute.

Customer Results

Jersey Village, Texas:

A camera on every street to create a virtual gate

Within one week, Flock Safety cameras notified officers of two vehicles on the NCIC Hot List. During the seizure of one of the vehicles, a wanted murderer in the state of Louisiana was arrested. Both vehicles were returned to their owners.

- Location: Houston suburb
- Flock Cameras: 50+
- Residents: 8,000
- Installation: Two months from purchase

Marietta, Georgia:

34% reduction in calls for service in targeted hotspots

Cameras within the city led to the arrest of a suspect who allegedly brutally attacked a woman. Officers were able to locate and arrest the suspect using Flock cameras after weeks of the suspect being on-the-run.

- Location: Atlanta suburb, in Cobb County, Georgia
- Flock Cameras: 70 and growing within the county (30 police and 40 private cameras)
- Residents: 65,000 in Marietta
- Installation: Two months from purchase for first hotspot created

Customer Results

Cobb County, Georgia:

Containment strategy in highest crime beat of the county

Cobb County Police Department utilized 35 Flock cameras in 2 containment zones in their highest crime beats to reduce crime by over 60%.

- Location: Cobb County, GA is just outside of Atlanta
- Flock Cameras: 35 for PD, over 100 including private sector cameras
- Residents: 750,000 in Cobb County
- Installation: Phased approach
- Contact: Deputy Chief Stuart Vanhoozer at stuart.vanhoozer@cobbcounty.org or (404) 375-1926

Los Angeles, California:

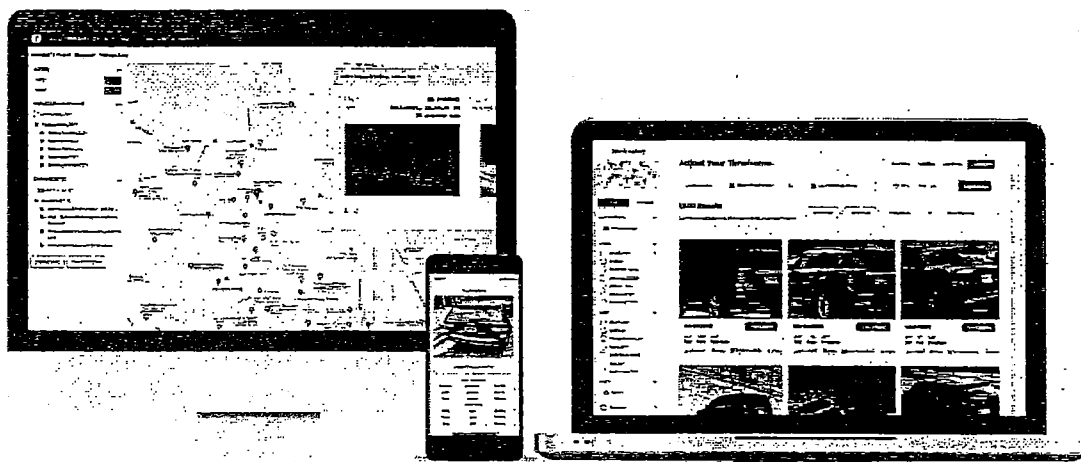

Sheriff's Department performs detection accuracy test

Los Angeles Sheriff's Department performed a head-to-head test of the Flock Safety camera versus a legacy ALPR solution.

- The results showed that the Flock Safety camera captures 30% more vehicle images and provides more accurate reads than traditional cameras triggered by infrared technology.
- Conducted in limited lighting from 2:00 AM to 8:00 AM, and from 11:00 PM to 6:00 AM.
- Causes for missed vehicles and/or misread plates were associated with the amount of reflectivity of the plate (older/dirtier tags, and dealer provided paper plates).

Product

Software user interface

Flock Safety Automatic License Plate Reading (ALPR) cameras do not just identify the plate seen but all the objects within the frame. Even if the vehicle does not have a tag, the image can be captured for review. The user interface provides unlimited user licenses. Within the software component, law enforcement can receive hotlist alerts and create custom alerts for plates under your investigation.

Detect Crime

- Connected to the NCIC Hot List & CJIS compliant
- State detection to ensure quality alerts
- Hotlist alerts (includes privately owned cameras in your jurisdiction)
- Create custom alerts for tags under investigation with your organization
- Filter notifications by reason codes (exclude sex offenders, include stolen plates, etc.)
- Email and SMS alerts to users
- Audible and visual alerts

Access Evidence

- Filter search by specific camera location
- Capture vehicles regardless of plate type (paper, no plate, etc.)
- Search results with vehicle summary in multiple formats
- Filter by Vehicle Fingerprint™
- Date and time
- Vehicle Characteristics
- Plate (partial/full)
- Plate Type (in state, out of state, temporary tag)
- Build & Color
- Resident status
- Location/Date/Time

Insights

Give city council an ROI report

- Discover crime and traffic patterns
- Prioritize changes by greatest impact
- Change your community for the better

National and Local Sharing

A new way to solve cross-jurisdiction crimes

- New privacy setting (National + State search)
- 1B+ monthly reads
- Attached to "Lookup" experience

Lookup

Search plates across your jurisdiction

- "I have the plate where is the car?"
- Designed to search all cameras, all time
- Get a full view of all activity tied to one vehicle in your network

Flock on Patrol Mobile App

Scan license plates from the convenience of your mobile device

- Instantly search the FBI's NCIC Hot List and custom Hot Lists for a license plate match
- Maximize law enforcement efforts in-the-field with unlimited users
- Apply Vehicle Fingerprint™ technology to images captured on your phone

Warranty

- All Flock products are under warranty for the duration of the Customer's contract.
- Flock cameras have built-in alarms to alert us if a camera is not performing at optimal standards. In the event of a camera performance issues, maintenance teams will be deployed at no additional cost.
- In the event the Flock camera is physically damaged or stolen, the first camera replacement will be made by Flock at not additional cost. A reassessment of camera location will be made at that time to deter further issues.
- In the unlikely case that an additional replacement camera is needed, the customer will be responsible for the \$500 cost.
- Flock reserves the right to refuse or delay replacement or its choice of remedy for a Defect until after it has inspected and tested the affected Unit; provided that such inspection and test shall occur within 72 hours after the Agency notifies the Flock of defect.

Pricing

\$2,500 per camera, per year + \$250 one-time implementation fee

Camera Hardware:

- ✓ Automatic license plate reader
- ✓ Solar or DC Power
- ✓ Mounting equipment
- ✓ Maintenance Warranty

Hosting & Analytics:

- ✓ Cloud hosting
- ✓ Unlimited user licenses
- ✓ Hot list integration & alerts
- ✓ Ongoing software enhancements

Flock Safety does not provide electrical services. Electrical work not included in the price. Flock Safety's open API platform will allow neighboring agencies to pull read data into their platform at no extra cost. Flock Safety is not responsible for building this integration but it would be fully supported to export camera images from Flock Safety's ALPR Cameras.

flock safety™

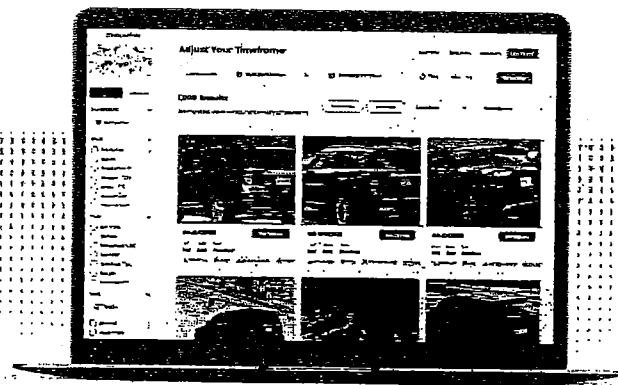

Let's defeat crime together.™

Our commitment to protecting your privacy while eliminating crime

Flock Safety helps 1400+ cities prevent and eliminate crime with technology that captures objective evidence and delivers it into the hands that serve and protect. In our pursuit of a safer, more equitable society, we place our commitment to protecting human privacy and mitigating bias at the core of every policy and product we develop.

Our focus on privacy & security

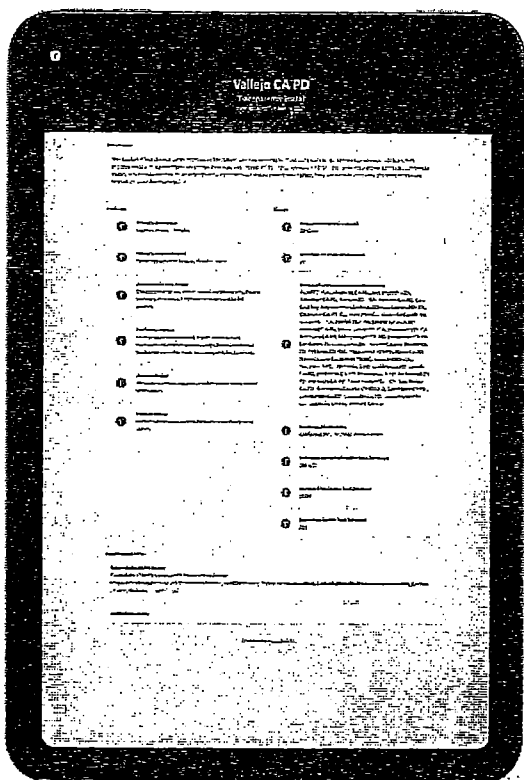

- Store all encrypted data (footage + metadata) on the AWS GovCloud for maximum security compliance.
- Build devices that capture objective evidence, like license plates and never facial recognition.
- Permanently and automatically delete footage after a recommended 30-day period.
- Give 100% ownership of footage to customers and never share or sell data with third parties.
- Capture documented reason or case number to search footage to create an audit trail.

A new way to promote the ethical use of technology in public safety

Flock Safety Transparency Portal

Flock Safety's Transparency Portal is the first public-facing dashboard for law enforcement agencies, city leaders, and local government officials to share policies, usage, and public safety outcomes related to automatic license plate recognition (ALPR) technology. Promote transparency and accountability in the use of policing technology to build community trust while creating a safer, more equitable society.

**Make your ALPR
policies and usage
publically available
with a shareable link**

Build trust and engage the public in a dialogue about ALPR's ability to capture objective evidence used by law enforcement to eliminate crime without invading the privacy of citizens.

Build community trust while creating a safer, more equitable society

Display your Flock Safety metrics automatically.

Tout the ROI of ALPR to stakeholders in your community with real-time usage stats for Hot List alerts, vehicle detection, crimes solved, and more in fully customizable modules.

Provide easy access to Search Audit reports

Demonstrate your commitment to accountability and integrity by proactively providing access to downloadable search audit reports* detailing the user, date, number of cameras, and reason for each search conducted with Flock Safety.

"The Transparency Portal underscores our deep commitment to openness, accountability, and integrity."

Re: 6-12 Alteration of Collection Services for Taxes & Rescue Fees Bid # 2021-068

Dear Ms. Peshka

The City of Warwick's Tax Collector & Treasurer is recommending a 6-12 Alteration of the Collections Service for Taxes & Rescue Fees Bid # 2021-068. We are requesting the Rossi Law Office contract to be extended for an additional 2 year term. The extension would be under the same terms & conditions as the current contract that expires 6/30/22. We are not requesting any additional funding as the cost for the service is based on the amount of taxes & rescue fees collected for both non-litigation services and ligation collection services.

Rossi Law Office LTD has a positive working relationship with the City of Warwick and have proven their ability to collect on delinquent accounts. Rossi Law Office LTD has an in-house attorney that can ligate and can do so in Rhode Island, Connecticut and Massachusetts if needed. Rossi Law Office LTD is also able to report out uncollectable accounts which will allow the City of Warwick to write off any bad debt that may have been carried due to bankruptcy, defunct corporations and/or deceased taxpayers. The experience that Rossi Law Office LTD has with rescue billing has been extremely beneficial as the City of Warwick had not sent any delinquent rescue service fees to collection before. They have a great working relationship with Comstar, who is currently under contract with the City of Warwick for Rescue Billing.

The 2 accounts charge codes for this bid are

Tax Collector's	22-360
Rescue Services	302-0408

Respectfully Submitted,

Kyla A Jones
Tax Collector

RE: Contract for Collection Services for Taxes and Rescue Fees
RFP 2021-068

Dear Ms. Jones:

I request that our contract with the City of Warwick for the Collection Services for Taxes and Rescue Fees be extended for another two (2) years. This extension is under the same terms and conditions as stated in our contract.

Thank you for your consideration.

Sincerely,

Rossi Law Offices, Ltd.

Jennifer Tammelleo

RE: Bid #2021-068 Collection Services for Taxes & Rescue Fees

The City of Warwick is seeking a company for Collection Services for Taxes & Rescue Fees for a 2 year term from July 1, 2020 through June 30, 2022. The City's previous contract was awarded under bid#2020-10 with terms of July 1, 2019 through June 30, 2020. Bid 2021-068 was opened on June 25, 2020 with three (3) vendors submitting a bid. The vendors were Municipal Collection Agency, Law Office of Janet J Goldman, Inc. and Rossi Law Offices, LTD.

Rossi Law Offices, LTD is the recommended vendor as the lowest qualified bidder for bid# 2021-068. Rossi Law Office LTD has a positive working relationship with the City of Warwick and have proven their ability to collect on delinquent accounts. Rossi Law Office LTD has an in-house attorney that can litigate and can do so in Rhode Island, Connecticut and Massachusetts if needed. Rossi Law Office LTD was the vendor for the 2 year contract from July 2017 - June 2019 and collected over \$3.8 million during that time costing the City approximately \$ 230 thousand. Rossi Law Office LTD was also able to report out uncollectable which will allow the City of Warwick to write off any bad debt that may have been carried due to bankruptcy, defunct corporations and/or deceased taxpayers. Rossi Law Office LTD has experience with rescue billing and have worked with Comstar. Comstar is currently under contract with the City of Warwick for Rescue Billing.

Please note that if legal fees are incurred they will be charged directly to the delinquent taxpayer by the awarded vendor and will not be charged to the City of Warwick.

This process will be funded by 2 accounts based upon the department that correlates with the billing. The total bid price for the 2 year contract is as follows:

Tax Collector's	22-360	\$250,000
Rescue Services	302-0408	\$150,000
Total		\$400,000

Respectfully Submitted,

Kyla Jones

Re: Bid2022-301 Portable Radio Batteries/Police

Dear Mrs. Peshka,

The Police Department has reviewed the four (4) bids submitted for Bid2022-301, Various Portable Radio Batteries.

Bids were received from the following companies:

1. Cyber Communications Inc., 90 Colorado Avenue, Warwick, RI 02888
2. Impact Power Technologies, LLC, 145 Wood Rd., Braintree MA 02184
3. Global Technology Systems (GTS), 550 Cochituate, Rd., Framingham, MA 01701
4. Holzberg Communications, Inc., PO Box 322, Totowa, NJ 07511

We recommend awarding Items 1-7 Motorola Battery Products, to the overall lowest bidder, Cyber Communications Inc. Cyber Communications Inc. is also a Warwick based business. The police department does not anticipate on purchasing many of the items (#3 and #4) that Holzberg Communications, Inc. had bid lower on. These items are older radios which are almost entirely phased out of normal operation. It should be noted that Global Technology Systems (GTS) and Impact Power Technologies did not bid on these items.

We further recommend awarding Items 8-11, Motorola Compatible Lithium Batteries to Global Technology Systems (GTS). GTS was the overall lowest bidder on these items. GTS has supplied the police department with these batteries in the past and we have found their products to be exceptional.

The current contract expires on 03/21/22.

Funding for this award, if approved, would be from the Police Department Operating Budget, Budget Code # 30-271, for a total not to exceed \$10,000.00 during a two year contract from 03/22/22 – 03/21/24 Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that appears to read "Michael Lima".

Re: Request for Spending Authorization – Purchase SMS Magnet AXIOM Advanced Edition
City Ordinance 56-6: Exception to Notice Requirement
Funding Source: Police Operating Budget Code: 30-340 Service Contracts

Dear Mrs. Peshka,

The Police Department is seeking authorization to renew the two SMS Magnet Axiom software licenses currently utilized by the Computer Forensic Unit.

This is a specialized computer forensics package that offers a unique combination of abilities that is not offered by any other single product. As a result it is very widely used by most top law enforcement agencies. This product is only offered by Magnet Forensics as a Joint Application Development (JAD) Software product and has won awards as “Computer Forensics Software Product of the year”. The manufacture did provide a sole source letter which is attached.

AXIOM has the capability to examine both computer and cell phone images (including GrayKey images) and create reports which can be reviewed by investigators and are court defensible. Our computer forensics unit relies on this software numerous times per week and finds it to be one of the most crucial pieces of equipment in their efforts to solve major cases.

We are requesting the renewal purchase of 2 licenses for the Advanced Edition. These licenses also allow for portability at remote locations via laptop internet access. The costs are as follows:

SMS Magnet AXIOM license renewal (\$2,300.00 X 2).....Total: **\$4,600.00**

Since these are licenses, there are no shipping and handling charges for this purchase. This one year contract would be valid from 05/01/2022 – 04/30/2023. The current subscription expires 04/30/2022. Funding for this item, if approved, will come from Police Operating Budget Code- 30-340, Service Contracts.

Sincerely

Michael Lima

Re: Bid 2022-164B, "Original Equipment Manufacturer Parts for Various Vehicles,
City Ordinance 56-6: Exception to Notice Requirement

Dear Mrs. Peshka,

The department went out to bid (Bid2022-164) for "Original Equipment Manufacturer Parts (OEM) for Various Vehicles" in September of 2021.

Bids were received from the following companies:

1. Tasca Ford, 1300 Pontiac Avenue, Cranston RI 02920
2. Factory Motor Parts, 45 John Dietsch Blvd., North Attleboro, MA 02760

Tasca Ford was originally awarded this bid. The police department would like to add Factory Motor Parts to this bid. We are seeking to add Factory Motor Parts due to the time delays currently being experienced because of the existing pandemic. The option to have multiple vendors will hopefully allow the cruisers that are off line to be fixed quicker. The rest of the cruiser fleet is taxed, when just one cruiser is taken off line. It is imperative that the garage has the ability to get these repairs done in a timely manner, which is why the department is requesting the additional vendor.

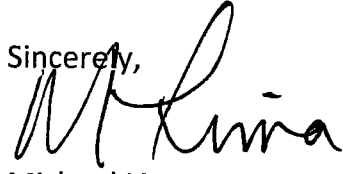

Also, it should be noted that the city will be responsible for incurring freight charges from this vendor, if necessary, as they will not be held to a particular specification prohibiting those charges. This request will run concurrent with Bid2022-164A, November 18, 2021 to November 17, 2022, and share the same expenditure request as requested for that bid in the amount of \$85,000.00 Funding for these purchases, if approved, would come from the department's budget, code 30-330, "Auto and Vehicle Maintenance". At times, however, such purchases may be made from the Insurance Proceeds

Account #76-358, when repairs are being done to damaged vehicles for which we have compensation from insurance companies.

Mrs. Peshka,

The Fire Department is seeking a 56-6 exception to bid for repair work to Rescue-2. I am seeking spending authority to pay invoices from **Tasca Automotive Group, Cranston, RI**; in the amount of \$10,797.19, using insurance proceeds from the Rhode Island Interlocal Risk Management Trust.

This repair to the fuel system on Rescue-2 was completed in January of this year. The city has received payment for this repair from the Rhode Island Interlocal Risk Management Trust.

The total request is for \$10,797.19, with funding from Budget 76-359 – Insurance Proceeds.

FRANK J. PICOZZI
MAYOR

ERIC J. EARLS, PE
DIRECTOR OF PUBLIC WORKS

To: Patricia Peshka, Purchasing Agent

From: Eric Earls, Director of Public Works *EE*

Date: January 25, 2022

Subj: Environmental Systems, Inc.

The Department of Public Works is requesting an alteration to contract of Bid2021-363 for Environmental Systems, Inc. (ESI) for major repairs to the compressor room that is a key component of keeping the tandem ice surfaces frozen at Thayer and Warburton Arenas. There has been an ongoing overhaul to the major components that require attention if the rinks are to remain operational, particularly for the beginning of the fall and winter seasons.

This department has nearly completed \$210,000 in repairs, however, there is more to be done to avert any potential mechanical failures with both ice surfaces. This venue generates in excess of \$600,000 of revenue in a fiscal year. Not only is it utilized for general public skating, children's lessons, hockey tournaments and skating shows or competitions, it is home to the Warwick Figure Skaters and Warwick Junior Hockey organizations. Parts and materials will need to be ordered, and in the current climate, are taking much longer than normal. This department is seeking approval for to increase the request for repairs by \$30,000 with the expectation that this will be sufficient to finish the repairs to the Warburton compressors.

Please consider this memo a request for Sec. 6-12, alteration to contract, of the City Charter for Environmental Systems, Inc. in the amount \$30,000. This is in addition to the \$210,000 already awarded for this ongoing one-time repair until completed and therefore no contract period is necessary. The total request will cap at \$240,000.

(440-0416 - \$30,000)

January 10, 2022

City of Warwick
3275 Post Road

6 Howard Ireland Drive
Attleboro, MA 02703-4612

P 508.226.6006
F 508.222.1344

Attention: Christie Moretti
Cc: Eric Earls

RE: Quote # 5216

Environmental Systems Inc. is submitting this request for additional funding to support the additional needed material and labor costs for the ongoing Compressor overhaul and repair work for the ice rink chillers serving Thayer Arena.

Additional Funds requested **\$30,000.00**

Technician labor \$120/hr.
Truck charge- \$70/day or \$250 weekly
Materials billed with a 20% markup

Notes:

1. We have not included overtime labor in this proposal.
2. Lead time is Approx. 2 Days due to the amount of glycol required

Thank you for the opportunity to offer this quote. ESI appreciates the opportunity to serve you. If you have any questions on the above or require any additional information, please do not hesitate to call.

Sincerely,
Environmental Systems Inc.

AND BE IT FURTHER RESOLVED, That such purchase or contract be awarded to the lowest responsible bidder.

1. **BE IT FURTHER RESOLVED, THAT** this Resolution is an affirmative action of the City Council of the City toward the execution and delivery of the Lease Purchase Financing Documents in accordance with the purposes of the laws of the State. This Resolution constitutes the City's declaration of official intent, pursuant to Treasury Regulation 1.150(2), to reimburse the City for certain expenditures paid on or after the date of which is sixty (60) days prior to the date of this Resolution, but prior to the execution and delivery of the Lease Purchase Financing Documents. Such amounts to be reimbursed shall not exceed \$664,410.88 and shall be reimbursed not later than eighteen (18) months after (a) the date on which the expenditure is paid or (b) the date the property is placed in service or abandoned, but in no event later than three (3) years after the date the expenditure is paid.
2. Date: October 4, 2021

Subj: Environmental Systems, Inc.

The Department of Public Works is requesting an alteration to contract of Bid2021-363 for Environmental Systems, Inc. (ESI) for major repairs to the compressor room that is a key component of keeping the tandem ice surfaces frozen at Thayer and Warburton Arenas. There has been an ongoing overhaul to the major components that require attention if the rinks are to remain operational, particularly for the beginning of the fall and winter seasons.

This department has nearly completed \$150,000 in repairs, however, there is more to be done to avert any potential mechanical failures with both ice surfaces. This venue generates in excess of \$600,000 of revenue in a fiscal year. Not only is it utilized for general public skating, children's lessons, hockey tournaments and skating shows or competitions, it is home to the Warwick Figure Skaters and Warwick Junior Hockey organizations. Parts and materials will need to be ordered, and in the current climate, are taking much longer than normal. This department is seeking approval for to increase the request for repairs by \$60,000 with the expectation that this will be sufficient to finish the repairs to the Thayer compressors, as well as a long overdue rebuild of the Warburton compressors.

Please consider this memo a request for Sec. 6-12, alteration to contract, of the City Charter for Environmental Systems, Inc. in the amount \$60,000. This is in addition to the \$150,000 already awarded for this ongoing one-time repair until completed and therefore no contract period is necessary. The total request will cap at \$210,000.

(440-0416 - \$60,000)

RE: Thayer Arena Repairs

We are pleased to offer an estimated repair cost for work to be done at the facility above. We are currently making repairs to the existing chillers serving the ice rink at Thayer Arena in Warwick, RI. We are providing this proposal to show an estimated cost of the remaining repairs recommended.

Currently compressor 1 & 2 on Chiller 1 (North Rink) are operational, although in need of maintenance. Below we are showing an estimated cost of overhauling the top end of the compressors.

Chiller 1

Compressor 1- Estimated materials cost \$18,000, estimated \$8-12,000 in labor costs Total budget \$30,000.

Compressor 2- Estimated materials cost \$18,000, estimated \$8-12,000 in labor costs Total budget \$30,000.

Total budget to maintenance the top end of both compressor 1 & 2 would be: **\$60,000**

Notes:

This cost is estimated based on a maintenance routine that is needed on the compressors. We are unable to know exactly what we will find when opening the compressors. Based on an analysis of the operation while running, we feel comfortable that this budget will be sufficient for the needed repairs. This will be billed at a time and material basis and only for the repairs needed on each compressor.

Thank you for the opportunity to offer this quote. ESI appreciates the opportunity to serve you. If you have any questions on the above or require any additional information, please do not hesitate to call.

Respectfully Submitted,

ENVIRONMENTAL SYSTEMS, INC.

Michael A Muratori, Service Department Manager
